STATE OF NORTH CAROLINA
OFFICE OF THE GOVERNOR
RALEIGH 27611

↓
JAMES B. HUNT, JR.
GOVERNOR

July 26, 1978

Dear Dr. Lederberg:

As a member of our National Advisory Group to the North Carolina School of Science and Mathematics, I take this opportunity to send you a copy of our booklet describing progress to date.

As the booklet indicates, we have decided to move ahead to establish this School. The North Carolina General Assembly provided for appointment of a Board of Trustees and for planning funds for the current fiscal year. You can well anticipate, I am sure, that this results in our coming to grips with a second set of questions relating to choice of chief administrator for the School, selection of core staff, curriculum development and so on. After reading the booklet, if you have additional suggestions with respect to these and perhaps other matters that come to mind, I would very much appreciate hearing from you again.

With warmest personal regards.

Sincerely,

A large, stylized handwritten signature in black ink, which appears to read "J. B. Hunt".
